

Helpful Tips for Pike Place Market Chaperones

Teachers: Please copy and give to your chaperones before the field trip.

Thank you for taking time to accompany a group of students to the Pike Place Market. We're grateful for your help.

To make this a fun and educational experience, here are some pointers:

- Please refrain from shopping, texting or using your cell phone during the tour. If you wish to take a photo or video while at a place of business, please ask first. Some vendors have a no-photo policy.
- Please assist the Tour Leader by allowing her or him to lead the tour.
- Please allow students to answer questions posed by the Tour Leader.
- Your help keeping students focused and well-mannered is much appreciated.
- Offer a friendly reminder to any students who are having trouble following directions.

Again, thanks for volunteering your time!
